

THE CURRENT SYSTEM IS FAILING ALL AROUND US.

Poverty • Inequality • Racism • Climate Change • Environmental Collapse
Police Brutality • Mass Incarceration • Gender Disparities • Expropriation
Corporate Power • Class Divisions • Unemployment • Militarism and War

BUT IF YOU DON'T LIKE THE PRESENT SYSTEM...

WHAT'S YOUR ALTERNATIVE?

Who should own capital? How do we really deal with climate change?
How do we secure racial justice? How should investment decisions be made?
What is the solution to gender inequities? How can community be safeguarded?
How do we put all this together? How do we get to the next system?

NATIONAL ESSAY COMPETITION ON THE NEXT SYSTEM

Design your own next system and contribute to the debate about a better future. Three \$5,000 first prizes will be awarded for the best original essays by an undergraduate, a graduate, and a non-student. Three runner-up prizes of \$500 will also be awarded. We may publish the best essays. Essays should be between 5,000 and 15,000 words, and should be submitted by December 31, 2016, to essayprize@thenextsystem.org.
